Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's Own True Laxative. It is the most effective and the most pleasant remedy known to cleanse the system when bilious or costive; to dispel headaches, colds and fevers; to cure habitual constipation, indigestion, etc. For sale in 50 cents and \$1.00 bottles by H. B. Garner, Hopkinsville, Ky.

Our New Lime Manufacture.

Hopkinsville is now producing the best lime in the world. Messrs. Connelly Brothers, who lately came here from Erin, Tenn., and purchased from Esq. Holt the limestone quarries near the old mill pond at the terminus of 3rd street, have started two kilns, with a capacity of 75 barrels a day, of pure white lime. Mr. J. L. Connelly was the first man that ever made and sold lime at Erin, Tenn., and has had 16 years experience in the business. The Erin lime has acquired a national reputation and for number of years these kilns have not been able to supply the demands on them. Attracted by the stone here, which is much superior to the Erin stone, the Connellys came here and propose to establish the biggest lime manufacturing in the United States—which they claim they can easily do. They have started with the most flattering prospects, having already orders far ahead of their present capacity for production. They will increase as rapidly as possible, run their own cooper shops and furnish employment to a large number of hands.

A Missing Youth.

Mr. Lavinia Clark, a widow from Pembroke, Ky., was in the city to-day in search of her son, John W. Clark, who is missing from home. Mrs. Clark resided near Russellville until a week ago, when she removed to Pembroke. The missing youth is 18 years of age, about five feet ten inches high and very thin. Previous to his mysterious disappearance he was employed on the farm William Syphon, three miles from Russellville, on the Hopkinsville pike. Anyone knowing his whereabouts will please address Mrs. Lavinia Clark, Pembroke, Ky.—Soyling Green Times.

The True Method

Of curing habitual constipation, and liver and kidney ills is to avoid the use of the bitter drastic liver medicines and cathartics, and to take only the pleasant liquid fruit remedy, Syrup of Figs. It cleanses as well as strengthens the system, and does not leave the bowels costive, so that regular habits may be formed and the invalid permanently restored to health. It is easily taken, and perfectly harmless. For sale in 50 cents and \$1.00 bottles by H. B. Garner, Hopkinsville, Ky.

Several handsome and elegant new residences are being pushed rapidly to completion, notwithstanding the almost intolerable severity of the summer heat, and quite a number of pretty cottages will be finished in a short while, and occupied as soon as completed. The demand for nice, convenient residences near the business part of the city has, for a number of years, exceeded the supply.

Tuesday afternoon William Berry was arrested and jailed upon a warrant sworn out by his wife charging him with mal-treatment, in a shameful manner. Wednesday morning the unkind husband was fined \$10 and cost. The fine, however, was suspended indefinitely as an encouragement for future good behavior. The husband and wife, with two children, walked out of the city court room together, having effected a reconciliation.

The Fifth Annual Reunion and Stock Show of the Montgomery (Tenn.) Farmers' Association will be held at Danbury's Cave Tuesday and Wednesday, Aug. 23rd and 24th. These events have assumed the proportions of a large county fair and every year farmers and stock men from all over the country assemble at the cave in a short while, and buy and sell fine stock. The program this year is perhaps the most attractive they have ever had. It embraces 40 riding and driving rings, bicycle and foot races, tournament, baby show, stock rings of all kinds, music by fine brass and string bands and excellent facilities for dancing. Preparations will be made to entertain 10,000 people. The admission is 25 cents for adults and 10 cents for children. Round trip rates on the railroad will be 4 cents a mile.

Is it Natural Gas?

A rumor on the streets Wednesday that natural gas had been discovered in a well at the foundry of the Metcalf Mfg. Co., created quite a little breeze. It is not certain, however, that the gas is there, but it is certain that a strong odor, very much resembling that of gas, comes booming out of the well from which the foundry gets water. This well is about 30 feet deep, going several feet into solid rock. A workman in the shops, who has had considerable experience in boring for gas, declares emphatically his belief that the real article is there. Mr. C. W. Metcalf says they will make no further investigations until they move into their new quarters this Fall, at which time they will drill their well deeper and try to find the gas.

A Stick Scoundrel.

One George Smith, representing himself as agent for various Sewing Machine Companies, worked this county systematically last week by fraudulently collecting unpaid dues from the negro customers of the Machine Companies. In this way he victimized several unsuspecting darkies. He called on Grief Clemons and from her received \$2 as part payment on a machine. He remained over all night and actually robbed the poor woman of 25 cents by deftly abstracting that pitiful sum from under her pillow. She followed him to a neighbor's room and denounced him as an impostor. He returned to her home and forcibly took possession of her machine attachments in payment of balance due. He next visited Luke Wills, on W. T. Radford's place, and threatened bodily harm if the latter did not make payment on his machine. Wills says Smith was heavily armed. Mr. K. L. Terry the Singer Machine Agt. stated to the New Era man that one of his old customers gave him an order on a gentleman for \$5. Not finding the party, Terry returned the paper to the owner, Smith hearing of this transaction, made the victim give him the \$5 and signed receipt on face of said order. It is not known how many persons this oily-tongued swindler beguiled. Several have made complaint to C. E. West and K. L. Terry of the manner in which this impostor had robbed them. The following from the Bowling Green Democrat shows that Smith is continuing his nefarious practices:

Smith, who represented himself as a sewing machine agent, went to the house of J. M. Hoskinson, who lives in Hardin county, 80 miles from here, and told him a pitiful tale of his misfortunes. He said he was traveling for the Wheeler & Wilson sewing machine company which did business in Bowling Green, and that his horse had broken its leg, and he had no way to come to town. He told Hoskinson that a month's salary was due him, and that if he (Hoskinson) would bring him to town, he would pay him well. Under the specious promises of Smith, Hoskinson saddled a couple of horses and brought him to this place, a distance of 80 miles. When they dismounted in a stable here Smith gave Hoskinson his pocket-book saying there was a good sum in it, and that he would go and get him some more money. Smith left but Hoskinson remained for some time, as the pocket-book was empty, and he himself had only 10 cents in money. Hoskinson swore out a warrant for the rascal who had swindled him. Smith had not been captured at last accounts.

Baptist Row at Russellville.

Several weeks ago the Owensboro Messenger published an item stating that Rev. J. S. Coleman D. D., of Hartford, who for years has been a leading divine in the Green River country, had been called to the church at Russellville at a handsome salary etc. It appears that the Hartford Herald subsequently interviewed Dr. Coleman, who confirmed the Messenger's statement and publication was also made in that paper. Then several other papers, among them the New Era, printed the item. It now seems that a big mistake has been made about the matter, and the Russellville church is, figuratively, "a boiling" over it. Dr. Providence, "the able pastor there, is still in charge and has had no intimation of the change, and prominent members are firing letters at the newspapers who published the item. As to the New Era, it is in no sense responsible for the origin of the report, having simply reproduced it as a news item. We really hope the matter will speedily be satisfactorily adjusted.

A Delightful Evening at the Cave.

The dance at Fleming's cave Tuesday evening was the second of a series of pleasant events which are making the summer season exceedingly delightful for Hopkinsville society. Through the kindness of Mr. H. N. Fleming the young gentlemen have been tendered the free use of the cave, and in addition to courtesies already extended he proposes to beautify and enlarge this spot so richly endowed by nature. Tuesday evening 25 couples of the elite of the city, chaperoned by Capt. John Green and wife, Col. E. G. Seebree and wife, and Dr. G. E. Galbreath and wife, were present and enjoyed the pleasures of the occasion. The music was good and the dancing delightful. We trust our young gentlemen will continue these delightful entertainments throughout the season.
